NEW PRODUCT 160-12

One of eight new surface ceiling mounted products, the 160-12 offers higher lumens in a ring baffle design. Featuring natural hand finished aluminum, it's available with an integral emergency battery pack. Click on the photo for a link to the cut sheet.

FEATURED MOD PRODUCT M552

This simple modification to the Hauslights 552 wall mount, provides an opportunity to tailor a standard fixture to make it more project specific.

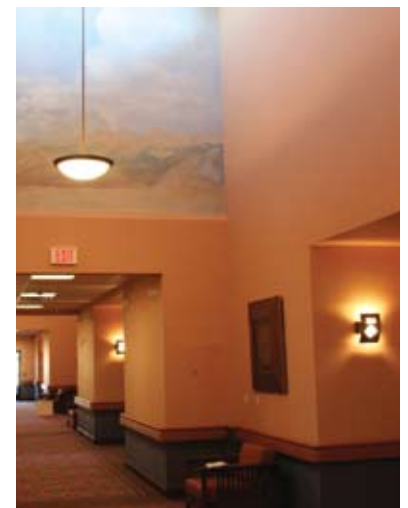

Spring 2009

LIGHTING FOR HEALTHCARE

FEATURED PROJECT

Advanced Healthcare, Albuquerque, NM

Borden Lighting provided a variety of decorative fixtures, including standard, modified and custom. This project is a short-stay rehab facility designed to look more like a hotel than a nursing home. Click on the photo below to see more of this project.
