See "SPEC INFO" catalog page for additional information.

Shown with Luminous Dome and Satin Brass Finish

Design: Randy Borden

ECO INFO

METALS: Aluminum and brass with the highest available recycled content for lower embodied energy. Both metals are valuable and recyclable at the end of the products useful life. For more information see "SPEC INFO" catalog page.

LUMINOUS DOME: The luminous dome is made from 100% recycled polyethylene.

FINISHING: Solid, natural metal finishes are sealed with a hand-applied bees wax. No paint or lacquer is used in order to avoid the pollution associated with the manufacture and application of these substances.

ENERGY: Designed exclusively for energy-efficient, long life compact fluorescent lamps and electronic ballasts. Pin-based lamps ensure replacement with the same lamp and deters theft of lamps.
